

The & HOONEY

The Official Newsletter of Cheyenne Frontier Days™ MAY—2019

*General Chairman,
Jimmy Dean Siler*

It's time for this volunteer team to shine! 2019 appears to be a year of firsts and a major learning curve for us. It's been almost four decades since we added a new building for our volunteers and staff. This was a huge step but much needed for Cheyenne Frontier Days™. With almost 3,000 volunteers, a larger meeting space was greatly needed for our year-round meetings and functions. It also allows our staff additional space and provides a premier experience for our sponsors. For the first time in our history, we have a facility large enough to host events throughout the year.

Another first is the adding of a liquor license, which will only add to the success of CFD. Everyday we learn more regarding how to operate our license and the rules and regulations that come with it. The more I learn about the operation of the liquor license, the more confident I am the volunteers and staff will lead us to success in this new venture.

Recently we signed with RFD-TV, The Cowboy Channel to have our rodeo televised every day. What an honor and incredible way to showcase the "Daddy of 'em All"® for all the hard work our volunteers and staff have put in. That leads me into a special **thank you** to all the volunteers who participated in our first workday this year. When you challenge our volunteers to clean up their park, they set the example on how to get it done. It was some impressive work, also impressive was our Concessions' volunteers helping out in the Indian Village. If you looked up the definition of team, it would simply say Cheyenne Frontier Days™ Volunteers.

One of the toughest challenges we have faced is the increase of our security mission. No fault of our own, but with previous world events, our security mission has changed. We have added a camera system throughout the park, additional security wands and developed a partnership with the Cheyenne Police Department to name a few. We realize this isn't going to happen overnight, but with public safety and security being a huge priority for us, it is only the beginning. I have reached out to a lot of you for some help and guidance in this matter and your assistance has been great.

I could spend most of the day just talking about what is happening with the 2019 show and beyond. I know the other chairmen are going to talk about other happenings in this Hooley.

I really want to send out a special thanks to **Randy Rhodes** of Frontier Marketing. Randy decided it was time to increase the volunteer discount to 20% for CFD items. Another thanks for the invites to the TIC party, the Chili feed and the Santa Maria BBQ. They were all a ton of fun and a great time with our CFD family. I can't stress it enough, the volunteers are the heart and soul of Cheyenne Frontier Days™. I am very honored to call myself a volunteer and to be a part of this team. Remember our motto, "Let's have some damn fun."

**-Jimmy Dean Siler
General Chairman & Proud Volunteer**

Everyone Loves a Parade

The Parades Committee is stepping it up in preparation for showtime. Thank you to all our volunteers who made an amazing showing at our last workday. Barn 10 and the rest of the park look great! The Santa Maria was a great party. We had delicious food, gambling and fun with great friends. Thank you to all those who worked hard to make it happen and to all those that attended.

We had the annual Parades Information Breakfast a couple of weeks ago. Hopefully, our volunteers feel better informed and trained. We have taken the initiative to reward Parades Volunteers who go the extra mile with their training and preparation to better serve our customers. Any of our volunteers that get TIPS trained or take the Stop The Bleed® Advanced First Aid will be rewarded with a lapel pin. We are also following the See Something, Say Something® protocol. While everyone loves a parade, we want to do everything possible to make sure safety is a our top priority.

Lastly, I'd like to express my appreciation to my CFD family. We are more than volunteers and more than friends. We are family. We have lost so many dedicated members in recent weeks. As we say, "Happy Trails" to those who are no longer with us, let us also take time to express our love and gratitude to those who remain to carry on the heritage of the greatest rodeo and western celebration of all time—Cheyenne Frontier Days™.

**With love,
Parades Chairman
Ruthanne Hubbard**

Jimmy Dean and Ruthanne shared a few "short" comments with the volunteers at the Santa Maria BBQ

every day
is one step
closer to
summer

The Hooey

A hooey is vital to a calf or steer roper's success—it is the final hitch that secures the tie. The tie between the volunteers and Cheyenne Frontier Days™™ is vital to the success of the celebration.

Volunteer Coordinator: Dawn Thompson

The “Daddy of ‘em All”® is quickly approaching, and you can tell there has been a lot of work done to the park this year! We finished our first workday, and there was tremendous volunteer support in getting the park ready.

Here are a few updates from the Concessions Committee:

- ◇ For the first time on our committee, we have implemented a Youth Volunteer Program!
- ◇ Alan Cockerham/Carnival Americana will be returning again this year. Carnival Armbands for volunteers are still \$80 until July 19 then they increase to \$125. Be sure to buy early.
- ◇ Loretta Murphy/Frontier Foods will be returning as our food concessionaire.
- ◇ RFD TV will broadcast the rodeo and doing live television shots of Old Frontier Town and the park, so keeping the park looking great is going to be a main focus this year.
- ◇ One new addition we are looking forward to is a “VIP” type of experience in the Buckle Club. We have been working with our food vendor to finalize everything. From 4 p.m. to 8 p.m. daily, there will be a steak dinner to include some type of the following: potatoes, vegetables, dessert, and a drink. The cost will be:\$30 for the public and \$25 for volunteers with their badge. There will also be live music after the rodeo which will be awesome. Make a plan to stop up and enjoy a steak dinner during the show.

Teena and I are looking forward to the upcoming show, and we would like to thank the Concessions Committee for all that they are doing in preparation for the 123rd...lets have a great show!

-Brad Westby
Concessions Chairman

Thunderbird News

First up is an update on the Thunderbird Air Show. I know there has been many questions, but rest assured the team is moving forward on making plans for the transition from Laramie County Community College to F.E. Warren AFB. We have worked out the plan, de-conflicted the flight path, and worked out a parking plan for this year’s event. We wanted to ease the ability for traffic to enter the base but ran into parking issues near the venue. We have decided to open parking up near the front gate and then bus spectators to the viewing area. There will be room for approximately 2,500cars for people that do not have base access. We will be opening the base through Gate 1 at 7 a.m. and closing it at approximately 10 a.m. to ensure we can transport people to the viewing area. More details will come on what people are allowed to bring on base and ensure it gets publicized early and often. We are very excited to be hosting the Thunderbirds this year.

This is a special year for Fort D.A. Russell Days. We will be celebrating 25 years. If you have never experienced this event you don’t know what you are missing. We take you on experiences spanning from Muskets to Missiles with everything in between; featuring actors that bring the Old West back to life. You will also be given the opportunity to visit some of the historic homes and even visit a launch facility and a launch control center.

The Military Committee is working on several other exciting things for this year and look forward to working with each of the volunteers from various committees to enhance the CFD experience.

-Col. Brian Rico
Military Chairman

THE TIMES THEY ARE A CHANGIN'

Wow, how time flies. As I type this my phone tells me there are 67 days until the cattle drive, and since it is a smart phone I am sure it is correct.

There are some new and exciting things happening in and around the rodeo arena this year. We have a new television partner in RFDTV & the Cowboy Channel. They will be on the park showing off our rodeo and other events to a national TV audience every day. Having them on board with us allows us to substantially increase the amount of money we add to each event for the contestants. Cheyenne Frontier Days, will be able to offer over a MILLION dollars in cash and prizes for our contestants to compete for, so a HUGE thank you to RFDTV and all the folks that made it possible.

Along with that TV contract we have made some changes to the rodeo. In 2019, our rodeo will be a tournament style format. What does that mean exactly? For years I heard people on the street, and even some volunteers say that slack was used to qualify people for the rodeo, I also heard that Saturday was the semi-finals, before the Sunday Finals... Well while in the past those statements, were not entirely true, this year THEY ARE !!!

Rough stock contestants will compete daily during the first six performances (Quarter Finals), with the top four (Bareback and Saddle bronc) and top six Bull Riders moving on to the Semi Finals on the last Friday and Saturday (performances seven and eight). The top six from each of those two days will move on to the Finals on Sunday where the high point ride will be the CFD Champion.

Timed event contestants will compete in a qualifying round (formerly known as slack), then the Quarter Finals during the week, with the top four from each group of contestants qualifying for the

Finals on Sunday where the fast time that day will be the CFD Champion.

The Barrel Racers will compete much the same as the rough stock riders, with qualifying on Monday the week before the rodeo, Quarter Finals during the rodeo, Semi Finals, and Finals.

It should provide a lot of excitement to the fans who will see winners announced and money paid each day. Each day in the rough stock and every other day in the timed events fans will know who has qualified for the next round. It is shaping up to be a very exciting way to see our rodeo.

As some may have heard we are also adding Ladies Breakaway Roping this year. These ladies will compete in a qualifying round on Thursday, July 18, and the top 40 will then rope during the rodeo. If you haven't seen Breakaway Roping come out and see an exciting fast-paced event.

You will also notice some changes in the Wild Horse Race. This year in an effort to let our fans see the entire race, start to finish, we are going to begin the race at the North end of the track and the finish line will be at the South end, near the new building. The two most exciting parts of the race (saddling up, and finishing) will happen right where everyone can see the whole thing. There also will be two heats of the race to add to the excitement.

**-Chad Mathews
Rodeo Chairman**

Let the countdown to CFD begin!!

First CFD workday completed and successful

Our first workday was attended by over 350 volunteers and we were able to complete more projects than expected. We did a lot of park cleanup and we were even able to get the doors cut out of the Conex box by the merchandise building. The CFD General Committee had the honor of cooking and serving lunch for the first workday and the CFD Board of Directors will take on the task at the May 18 workday.

I know its been said quite often . . . this show happens because of all the volunteers—thank you and well done! All of our projects are ahead of schedule and the new Headquarters/Event Center is nearing completion.

I look forward to seeing you at the upcoming workdays or work nights. Thank you.

**-Jerry Moberly
Grounds Chairman**

CFD YOUTH GROUP CONTINUES TO GROW

As the Cheyenne Frontier Days™ Youth Program enters its third year, it has grown from 12 to 27 members. The objective of the program is to familiarize members with the ten Cheyenne Frontier Days™ Committees through engagement with mentors representing each committee. The program is open to youngsters between the ages of 13 and 18. They are tutored by this outstanding group of mentors; **Kayla Foster** and **Deb Sullivan** from Concessions Committee; **Vickie Albert** from Contract Acts; **Diane Tammen** from Grounds; **Andrea Allen** from Indians; **Tim Willis** from Military; **Amanda Weeks** from Parades; **Joe Budd** from Public Relations; **Gretchen Morrison** from Rodeo; **Jaci Knighton** from Security and **Candy Hunter** from Tickets. The mission of the program is to regenerate the aging volunteer population by encouraging youth to find a committee that best fits their goals. Fourteen of the youth are returning from the program last year and eleven of the young volunteers have participated in all three years of the program's existence. The youth participate in workday activities, some committee activities during the show and engage in a special workday project painting Chute 9 annually. A special thanks goes out to all the youth who graciously volunteer their time to this program.

**-George Geyer
Director Youth Volunteer Program**

Cheyenne Frontier Days™ Old West Museum

2019 KIDS CAMPS

Camps hours 8:00 am to 5:00 pm
AFTERNOON ONLY OPTION AVAILABLE

JUNE 17-21, WESTERN ART CAMP

Kids will learn the basics of western and folk art, creating a wide variety of projects under the guidance of area artists. The group will be broken down by age to make sure the projects are fun for everyone. Ages 5-14.

AUGUST 12-16, COWBOY & COWGIRL CAMP

Relive the dust and glory of the American West! Learn about the Old West with cowboys, ranchers, mountain men, gold panners, art projects and more! Ages 5-12.

Become a Museum Member!

The Cheyenne Frontier Days™ Old West Museum relies on annual memberships to fulfill its mission to cultivate and preserve the Western legacy of Cheyenne Frontier Days. We would not be here if it were not for the work you do each year to present Cheyenne Frontier Days.

Due to your status as a Cheyenne Frontier Days Volunteer, you receive free admission year-round to the CFD Old West Museum. We ask that you consider purchasing a membership to help us continue to preserve and honor the legacy of Cheyenne Frontier Days you helped build

We have two membership levels specifically for Cheyenne Frontier Days Volunteers:

- \$30 Volunteer Family Membership
- \$100 Volunteer Hall of Fame Membership

For more information and to purchase your membership, contact Mariah West, at 307-778-1417 or mariah.west@oldwestmuseum.org.

Thank you for your contributions to Cheyenne Frontier Days and to the Cheyenne Frontier Days Old West Museum!

Stage Stop by Gerry Metz

Ticket Sales continue to climb

We are just a few short weeks from the 123rd “Daddy of ‘em All”® celebration. There are some exciting changes for this year’s show. With the construction of the new event center nearing completion, there will be changes to the front gate area. One of the changes is a new cart path at the front gate. This path is currently being designed and there will be more information forthcoming, but we will still have a path for golf carts to enter through the front gate area on the east side of the front gate. The new event center will also affect Portal 2. Portal 2 will continue to be an entrance for Party Zone patrons for Frontier Nights as well as a Sponsor/VIP entrance for the event center.

Also, we are going to continue with the Frontier Friday celebration. This will include a Wild West Show, hay wagon rides, discounts on food and beverages, as well as discounts for carnival rides. We will hand out certificates for a free day carnival armband to the first 100 through the gate. The vendor scavenger hunt will be held with prizes provided by the vendors for the winner. There are three different ticket options available: A \$30 ticket

will provide the patron with park entrance, Wild West Show seating, and a full day carnival armband. A \$15 ticket is available for park entrance and Wild West Show seating. We will also be offering the \$5 gate admission ticket for those patrons who only want to come out and enjoy the park. Park-n-Ride will be free from 10:00 a.m. to 2:00 p.m. that day and will include gate admission for everyone in the vehicle. If you’re not working that day come on out and enjoy. Let your family, friends, and coworkers know and let’s make this Frontier Friday one to remember.

We have a great Frontier Nights line-up this year and ticket sales are extremely strong. We already have set a record for fastest sell-out in our long history. A special thank you to the hard-working under-appreciated Ticket Office personnel.

Kim and I would like to thank all of the volunteers for all of your hard work and dedication to make Cheyenne Frontier Days™ the premier rodeo and Western celebration. We want you to know that your efforts do not go unnoticed and are appreciated. Boots and Saddles, Let’s go.

-John Svoboda
Ticket Committee Chairman

Official
CHEYENNE FRONTIER DAYS™
GIFT STORE

Hello Volunteers!

The “Daddy of ‘em All” is close, and the CFD Gift Store is packed. We’ve added great new product, stop in and check it out! Remember, your volunteer discount was increased to 20 percent off!

These new red and black branded coolers from Wyld Gear are a great gift for Father’s Day. We have a 25qt and 50qt with wheels and a bottle opener in stock.

Thank you for all of your dedication making Cheyenne Frontier Days™ the very best, and we will see you soon!

Three years of challenges, memories, and appreciation

Wow! Three incredible years have zoomed by and I'm getting this last opportunity to thank everyone who made this such an amazing experience.

First, thank you to the PR Committee. Cheyenne Frontier Days™ (CFD) has enjoyed tremendous successes, pulled off, in part, by the talented volunteers on the PR Committee. I know I have asked a great deal from all of you, and at every turn, you have risen to the challenge. We have a lot to do in the next couple of months. Exciting new changes, a new conference center and sponsor hosting areas, integrating the new liquor license into our operations, more sponsors, a much greater media presence with live airing of each rodeo by the Cowboy Channel . . . you name it. At

every turn, you have shown a willingness to jump in and take on new challenges, and more importantly, kept a smile on your face. Thank you for your *can do* attitude, you are amazing!

I owe an incredible debt of thanks to all of the past chairmen who helped me during my three years... **Bill Berg, Linda Bostron, Andrea Allen, Ron Newnum, Mitch Carter, Alan Stoinski, Bill McInerney, Terry Ruiz, Scott Fleming and Col. Matt Dillow.** We shared some great successes together and had a ball doing it.

Thank you **Jimmy Dean Siler, Chad Mathews, Brad Westby, Jerry Moberly, Bob Mathews, John Svoboda, Col. Brian Rico, Buck Reisner, Ruthanne Hubbard and Randy Krafft.** We have some more work to do to pull off a great show!

Thank you to the staff at CFD – Your dedication is sometimes missed by others, but believe me, you are appreciated.

I could not have done this without my family. **Kelley, Hayley, Sarah, Halley and Hannah** – I love you. Thank you for supporting me through the long hours. People often ask me what experience has been the best over my years as chairman? Without hesitation, I tell them Kelley and I get to see every daughter, every day, and as they grow up and leave the house, those moments are rare!

There is truly **nothing** in the world like Cheyenne Frontier Days™! And Cheyenne Frontier Days™ would be nothing without all of us - volunteers!

As I write this we are at 67 days and counting! Let's go! Let's Show! Let's Rodeo!

-Mike Martin
Public Relations Chairman

Empty Saddles

Our thoughts & prayers go out to the families of:

THE HEELS

Plan to attend the summer meeting and new HEELS initiation at The Garden /Frontier Park on **Wednesday, July 10.**

The annual membership dues for 2018-2019 in the amount of \$50 are due. They can be paid at CFD Headquarters and placed in the HEELS mailbox or mailed to: HEELS of CFD

Attn: Sec/Treas.
PO Box 2477
Cheyenne, WY 82003

The HEELS 2018 50/50 Raffle benefited the CFD Dandies, CFD Crisis Fund, CFD Scholarship, CFD Museum and Coats for Kids. Thank you to all who helped sell tickets and those who bought. Let's do it again this July!

Frontier Nights set for lots of Country and some Rock & Roll

The night show lineup is complete and we are ready to go. We have signed top artists and fan favorites: **Keith Urban, Tim McGraw, Lady Antebellum, Josh Turner, Miranda Lambert** and **Rascal Flatts** to head line our night shows. We are bringing in new and upcoming artists: **Kelsea Ballerini, Midland, Walker Hayes, Devin Dawson, Randy Houser;** and legends **Clint Black** and **Tanya Tucker**.

For our rock night some thought we were crazy! I was told many times, “You must have lost your mind.” However, we went out on a limb and got **Post Malone** and sold out in five days! This will bring a whole new group of music fans to our show to experience Cheyenne Frontier Days™. I have also been told we have one of the best lineup in years with the mix of old and new artists. That’s what we like to hear from our CFD family and fans.

The question we all ask is what can we do better? What will make the future night shows even better ?

Each year that question gets tougher to answer. We already have the most dedicated group of volunteers, the best fans, the biggest stage, and we have an upgraded the sound system. So what’s next to upgrade the experience? This year we will have a new custom built thrust (the part of the stage the artists walk out on to bring them closer to the crowd). In the past, we have used a flatbed semi-trailer but with the height of the new stage it looks out of place and if it rains it can be dangerous for the performers. So, this year we designed a new custom 8 feet wide by 40 feet long allowing the artists to move closer towards the crowd.

Many **thanks** to all the volunteers that make CFD what it is and to the members of Contract Acts for the hard work you do year around. My hat’s off to you all. Let’s show the world that CFD and Frontier Nights is the place to be in July.

-Randy Krafft
Contract Acts

Security measures in place for show

With the show being just around the corner we are working hard to improve our safety and security procedures at the park. There will be an increased presence of various law enforcement this year both during the rodeo and the night shows. Bag inspections will be conducted at various gates. Hand held wands will also be used at various gates around the park. Please remember everyone, including volunteers, HEELS, and past chairman may be subject to bag inspection and or wand. This will help us improve safety and security of our guests and volunteers.

Due to unforeseen circumstances the new Park-n-Ride, we will remain at the old location at Exit 10D—Happy Jack Rd and Missile Drive this year. If all goes

good we will be using the new location in 2020. Traffic flow around the park will remain the same as last year.

Don’t forget to sign up for the CFD Relay for Life Team before August 1. If you have any questions please text Team Captain **Kym Sommers** at 307-286-4096. This year, the event will be Saturday, August 10 at 5 p.m. at Holliday Park. Visit the Relay for Life of Cheyenne Laramie County for more information. We will be having the Bags -n- Brews Cornhole Tournament along with a beer garden. Sign up online prior to August 1.

-Buck Reisner
Security Chairman

Repairs happening at the village

It is hard to believe just how close to the 123rd we are. Everyone tells you when you make Chairman that it goes extremely fast. 2019 is going to be an awesome year for many reasons. There are so many great projects going on around the park, and it is wonderful to see all the extra pride everyone is taking with the TV deal and making every square inch of the grounds look great.

I am extremely excited about the village this year and some much-needed upgrades that will improve the park for years to come. We are in the process of replacing all the substructure for the seating in the village arena. The old structure consisted of railroad ties and have been in place for well over 20 years. Several sections were starting to become dilapidated. We are putting in new steel structures and placing the logs on top so that we can still maintain a rustic look but have much safer and stable seating for our guests.

I couldn't have been prouder of the volunteer spirit during the first work day. The first thing to accomplish was tearing down all the old seating. We

always have a good crew from the Indian Committee to tackle these projects, but it can't be done without help. Concessions also sent a large contingent down and we even had some former chairmen pitching in. With this crew, we were able to tear down the entire arena in one morning which was much more than we had planned. We are appreciative to all that came and helped and there will certainly be more work to come, but at the risk of sounding cliché – it truly warmed my heart to see the comradery and hard work.

I feel blessed for all the relationships I've made over the years as a volunteer and now as a Chairman. **Erica, Bobby, Owen** and I truly think of CFD as our family and I'm proud my boys have grown up learning what it means to be a volunteer. We are all part of something special. Let's make this the best show yet!
